

Adults with Aging Parent Drivers

Presented by David Stamberg, the owner of Senior Care Authority for northern and central New Jersey and Rockland County in New York. David is a Certified Dementia Practitioner and a Certified Beyond Driving with Dignity Professional.

This presentation helps members of the Baby Boomer generation when they become concerned about a loved one's ability to drive safely because of the natural aging process.

It provides a road map to help families address the issue with tact, compassion, and empathy, so that the older driver's dignity and independence are never unnecessarily jeopardized.
